I am not interested in any further information, and no personal information requested, at this time, other than the Names listed on payroll. I have had some recent phone fraud, in which several calls were made to your facilities, and received from this facility during that time frame, and wanted to look through those names, to see if any one in particular looked familiar to us. I have called your offices prior to this request and spoke to personnel, but was unable to determine what departments called our phone or received calls from our phone number, so it has become necessary to browse through those names, to see if any look familiar to us, before forwarding our complaint to local or federal authorities. I feel through my research already done, that i will recognize one or more persons names, to consolidate my information. before handing it over to the local authorities. At that point, it will be in their hands, and they can contact you for any further information needed.</p>	12/02/2025

The part of the contract I do not believe ARA is outlined in TriWest TRICARE West Region Provider Handbook: 6.11 Non-Covered Services. It is the provider's responsibility to ensure services are covered before delivering care. Noncovered services include:</p> <ul style="list-style-type: none"> • Services that appear on the No Government Pay Procedure Code List • Services outside of the scope of TRICARE-covered services • Services that currently have a temporary code or are considered experimental or investigational by the FDA. <p>If services are considered non-covered, providers must notify TRICARE beneficiaries in writing before delivering care. In certain circumstances, ADSMs may be approved for non-covered services if authorized or a waiver is received from MTF. I am formally requesting a copy of the contract between ARA and Tricare West. This request is prompted by a recent notice from ARA, informing me that I am required to pay for a service that I received five months ago due to Tricare's denial. At the time of service, I was originally told that the maximum amount I would be responsible for was a copay; no upfront discloser was mad to me. However, the new information contradicts the initial guidance provided to me and has created confusion regarding my financial responsibility for the service. Additionally, I request a copy of TRICARE Managed Care Support Contract (T-5 West) Contract Number: HT940223C0002. On 12 December 2025 I called Tricare West reference #0006664864 and was informed I was not authorized to receive a copy of the contract HT940223C0002 or the contract between ARA and Tricare West.</p>	12/12/2025

Description of Records Requested: I request a digital export (CSV, Excel, or SQL) of the master index/catalog of the Joint Pathology Center (JPC) Tissue Repository. Specifically, I request the following structured database fields for all holdings: Accession Number (masked/de-identified) Diagnosis / Morphology Code (SNOMED, ICD, etc.) Organ / Tissue Site Specimen Type Collection Year Digital Slide Availability (Y/N) Please note, if the 'Date Range' field is restrictive, I am requesting the current master index, which may contain accession dates prior to the selected range. Exclusions to Minimize Review Costs: I explicitly exclude all "free text" fields, "pathologist notes," or unstructured comments, as these may contain PII. By limiting this request to structured classification data, I intend to eliminate the need for manual page-by-page review. Fee Category & Willingness to Pay: I am a Commercial Requester. I acknowledge that I am responsible for search, review, and duplication fees. I hereby agree to pay fees up to \$250.00 without further consultation. If you estimate fees will exceed this amount, please contact me with a breakdown of the estimated costs.
