FOIA-21-00032	Evers, Austin	American Oversight	American Oversight seeks expedited review of this request for the reasons identified below and requests that your agency produce the following records as soon as practicable, and at least within twenty business days: 1.Any records reflecting the date and/or time of the first test result for COVID-19 that the president received that was positive (or "detected" or which otherwise indicated infection). 2.Any records reflecting the date and/or time of the last test result for COVID-19 that the president received that was negative (or "not detected" or which otherwise indicated absence of infection) before his first positive test result. Please provide all responsive records from September 10, 2020, through the date search is conducted. To be clear, a report of test results with a date and/or time would be responsive to this request, but other types of records would also be responsive. For example, email records about the president's first positive or last negative test result would also be responsive as the date and time stamp of those records would shed light on the timing of the tests. Although the Department of Defense (DOD), the U.S. Navy, and the White House Military Office (WHMO) are best positioned to identify the location of responsive records, public information suggests that the White House Military Unit, the records of Navy officer (b)(6) and Walter Reed National Military Medical Center must be included in an adequate search.	10/20/2020

FOIA-21-00114	Sawallesh, Robert	-	Under FOIA, I would like the following information for 2018-2020: What are the different types of over the counter pharmaceutical items that were dispensed by the MacDill USAF Clinic for the calendar/fiscal years 2020, 2019 and 2018? Please give the number of each that were dispensed for these years. As you can see I want to compare these three different years. Also, I would like to know the annual grand total cost of over the counter items that were dispensed for these three years. Another item that was provided to military retirees was Refresh Tears, as an example. And, if the MacDill AFB Clinic received any awards for saving dollars by cutting over the counter items to military retirees and dependents, I would like a copy of that award. And lastly, if the MacDill AFB sent correspondence to DOD stating how much money they saved by cutting back in over the counter pharmaceutical items, I would like a copy of that correspondence.	12/10/2020

FOIA-21-00117	Hammond, Robert	Individual	<p>DHA 21-A. DHA's List of FOIA Corrections, FY 2018. See PDF. By letter dated August 29, 2017, addressing my appeal to DHA of a July 27, 2014 FOIA request noting that Walter Reed had failed to report that underlying FOIA request and others, DHA's Deputy General Counsel (b)(6) stated, "Regarding your complaints of incorrect annual FOIA reporting, the DHA will provide a list of corrections to the DOD chain of command contemporaneous with filing the annual FY18 FOIA report." I am respectfully seeking: 1. DHA's list of FOIA corrections to the DOD chain of command provided to the DOD chain of command contemporaneous with filing the annual FY18 FOIA report, as cited in DHA's August 29, 2017 letter. See August 29, 2017 letter at Enclosure 1. See also the underlying FOIA appeal at Enclosure 2 a. FY 2018 ended on September 30, 2018 and DOD's FOIA reports would likely have been forwarded to DOJ by December 2018 and finalized by approximately March 2019, as pertains to the date range for responsive records. b. There should be no redactions whatsoever with respect to the identities of government employees, as I contend that all such identities are already in the Public domain. c. Similarly, there should be no redactions under Exemption (b)(5) as these are alleged to be purely factual, antecedent records, the content of which is required to have been incorporated into DOD's FY 2018 Annual FOIA report. 2. The forwarding correspondence to DHA's FY 2018 list of FOIA corrections provided to its DOD FOIA reporting chain of command, as cited above. 3. The Agency copy of this FOIA Request This FOIA request itself is an agency record, "received by an agency of the United States Government under Federal law or in connection with the transaction of public business" 44 U.S.C. § 3301 (emphasis supplied). Any FOIA requester may seek this record, which may also be on a public website. REQUESTED FORMAT. I am also seeking a single PDF file by return email with: (1) a signed and dated cover letter (citing my personally assigned requester control number); (2) with record page count for all records released records (3) a copy of this request in your reply. I seek records via email in PDF format with an imbedded copy of my requests to (1) impede the agency from not addressing the FOIA Request; (2) impede the Agency from not providing the documents stated in the Agency's letter reply, and (3) make it obvious in any subsequent review what the Agency has or has not done Further, I request that these records be sent in any digital formats in which they exist (such as PDF and Excel). Under the terms of the E-FOIA Amendments of 1996, Section 5, if a document exists in electronic format, it must be released in that format upon request. This request is distinctly separate from any other. Please do not combine this request with any other request in your reply. I am requesting that each element of the records sought be specifically addressed in the reply.</p>	02/09/2021

FOIA-21-00143	(b)(6)	-	I was a party to a sensing session in February 2019 at Bassett Army Community Hospital, Department of Behavioral Health, Fort Wainwright Alaska. The results of that sensing session resulted in unfavorable comments about myself, the Supervisory Health System Specialist GS-12 and punishment. I was not told why I was removed from the department for over a month, other than it was to "protect me". I requested involvement from BG Dennis LeMaster, who was the General over RHC-P at the time. He sent (b)(6) as the investigating officer to the hospital. I would like to request any and all information, statements, both verbal and written regarding the sensing session and investigation completed from the time period of February 2019-July 2019 and beyond if it continued. I am requesting the above which specifically reference myself or my direct staff that I had supervised at the time	02/22/2021
FOIA-21-00144	Kenyon, Caleb	-	I hereby request expedited processing under 32 C.F.R. § 286.8(e)(1)(ii)(A) Imminent loss of due process rights. I am an attorney representing a client facing significant prison time if convicted. His trial date has been set for June 2021 and I have reason to believe the evidence contained in these Express Scripts-TRICARE contracts could lead to his exoneration. I need time to review this information before trial to prepare his defense. Therefore, I request expedited processing, as failure to have this evidence to present in my client's defense will lead to an imminent loss of his due process rights. Thank you for consideration of this request. Respectfully, Caleb S. Kenyon, Esq.	02/22/2021

FOIA-21-00147	Banner, Matthew	Urovant Sciences, Inc.	<p>Hello -</p> <p>I am contacting you as a representative or Urovant Sciences a biotech company. Our first commercial prescription product was recently approved the FDA, more details are available on the website in my signature.</p> <p>We anticipate a considerable volume of prescriptions of our product to be filled through the mail order channel via TRICARE. We currently are blind to prescriptions flowing through that channel via the 3rd party syndicated data we purchase through IQVIA. We need to be able to see these volumes of prescriptions by zip code and Health care provider (not patient) for both our recently approved product (Gemtesa) as well as a market basket of products related to the treatment of Overactive Bladder (we will be able to provide this list of products in more detail). We would be looking to purchase this data at a weekly cadence on an ongoing basis.</p> <p>Apologies if you are not the appropriate person to reach out to, I am having trouble figuring out who that should be. If this is not the right contact, any assistance you could provide to point me in the right direction would be greatly appreciated.</p> <p>Thank you and I hope you have a great holiday weekend!</p>	02/17/2021

FOIA-21-00193	Stewart, Elizabeth	-	<p>I have multiple questions about why and how the DoD and components are delivering information on the COVID-19 vaccinations and the vaccines. I would like to receive any policy, guidance, memos, or correspondence (email, text message) that would answer the questions below: 1) Under what law, policy, or guidance is the DoD and its components authorized to advise, advocate, and deliver information for all its beneficiaries (military members and dependents) and DoD civilian employees? 1a) Are any DoD entities delivering completely accurate and transparent information, both pro and con, on the COVID-19 vaccines to those it is advocating obtain it, OR are DoD entities delivering only positive pro-vaccine information? 1b) Are any DoD entities informing their beneficiaries, civilian employees, and the general public obtaining the COVID-19 vaccines from DoD entities full disclosure that there are concerns/cons about the vaccines to include: the documented adverse reactions found in the DHA VAERS database, the COVID-19 virus has never been isolated - and therefore there are no inactive virus parts in the vaccines, the vaccine has been authorized by the FDA only as an experiment for emergency utilization (EUA), the manufacturers of C19 vaccines are exempt from any liability if there are complications from the vaccines, the actual description of the contents and sources of the contents of these vaccines, this type of mRNA vaccine has never been used or authorized before due to safety concerns, the mRNA component binds with human cells, may irrevocably bind with DNA, and creates anti-spike antibodies may have adverse effects on the lungs, kidneys, and heart, the long term effects of the C19 vaccines are completely unknown. 2) Under what law, policy, guidance are DoD entities physically delivering and administering EUA COVID-19 vaccinations to military members, DoD civilian employees, military dependents, and the general public? 3) If in the future, these COVID-19 vaccines do not receive full FDA approval or are determined to be harmful to any portion of the population (the vaccinated or unvaccinated) - will the DoD be accountable for any complications - or is it exempt because it was directed to both advocate and deliver these vaccines on a mass scale?</p>	04/08/2021

FOIA-21-00223	(b)(6)	-	<p>My name is (b)(6) and I am the originator of subject complaint and the recipient of subject letter. I am requesting the following documents pertaining to both subject documents:</p> <ol style="list-style-type: none"> Any and all documents pertaining to the JAX HOSP Urology Clinic safety stand down conducted on 22 January 2021, precipitated by my complaint against doctors (b)(6) and (b)(6) which were included in subject hotline complaint. I am specifically requesting any and all documents pertaining to my appointment, my purported statements, my treatment, and the statements made by those involved in my care, to include inter and intra-office correspondence, medical notes, and other documents. Any and all correspondence generated by the investigation (b)(6) CO NAVHOSPJAX referenced in subject letter. Since the investigating officer, an unnamed Navy Captain, never contacted me or the witness to my discussion with (b)(6) I have no idea whether the investigation included statements made to me by (b)(6) which have a bearing on this issue. We should all be playing from the same deck. Any and all correspondence and documents used by (b)(6) in preparing her letter to me regarding the investigation of my complaint. Since she didn't answer any of my questions I asked and concerns I raised in the three separate documents I wrote about my treatment, and concentrated her response to me on "the importance and manner of effective communication among departmental staff" and did not clearly reference or explain the behaviors of members of her staff, I remain concerned for my safety and either further mistreatment and possible retaliation for having filed my complaint. She can begin earning my "trust and confidence" by providing the information she used to determine her findings in her letter. Any and all correspondence from CHINFO, Admiral Charles Brown, to either BUMED or CONAVHOSPJAX regarding this matter. He assured me in early February 2021 (around 8-9 Feb) that both BUMED and IG would take my complaint seriously, and indicated that he was going to contact BUMED regarding this complaint. He said he would not inquire into the IG complaint, as they were sure to do a thorough job, but if this correspondence exists, I am requesting that as well. <p>While the investigation into my complaint has concluded, my concerns and questions have not. I have not received a clear statement that I have not improperly conducted myself; to the contrary, the statements of both doctors indicate that they believe otherwise. I deserve answers, and access to the information that was used in determining the response to my complaint.</p>	04/20/2021

FOIA-21-00239	Pell, Michael	Thomson Reuters	<p>This is a request under the Freedom of Information Act. On behalf of Reuters News and myself, jointly, I request that you provide us with the following:</p> <p>Department of Defense Suicide Event Report (DoDSER) System Master File, Disposition Authority Number DAA-0330-2013-0006-0001.</p> <p>DoDSER data on suicide attempts. I would be happy to receive this data in an aggregated fashion, perhaps by year and on variables such as "installation name", "Event location: Country", "Navy unit", "Event location: City", "Event location: state", "Event setting", and/or "Event method".</p> <p>Please also provide any and all documentation related to such electronic records, including but not limited to data dictionaries, database documentation, record layouts, code sheets, data entry instructions, and similar printed or electronic documentation materials.</p> <p>The DoDSER system is a structured database used to track and study suicide deaths, attempts and in the case of the Army, acts of self-harm. The system includes more than 500 data elements to provide comprehensive information about the lives of the service members who died by suicide or who engaged in suicide attempts. The DoDSER system uses a web-based form, available via a secure DoD website (https://dodser.t2.health.mil/), to collect and compile data. A DoD Risk Management Framework-approved facility at Fort Detrick, Maryland houses the servers on which the DoDSER system operates. The Department of Defense Inspector General's Office describes DoDSER as "the system of record" for suicide ideations, attempts, and deaths. Please find a full description of the DoDSER system here: https://dpcl.d.defense.gov/Privacy/SORNSIndex/DOD-wide-SORN-Article-View/Article/570683/edha-20-dod/</p> <p>Please provide a copy of the database as an excel, text or other, non-proprietary, structured format as required by federal law.</p> <p>DHA provided this data to Reuters in the past in response to a FOIA request, tracking number: 20-00254. FOIA-21-00280	DeMeo, Chris	Seyfarth Shaw LLP	<p>This request seeks a copy of an internal memorandum by Humana Military ("Humana") dated on or around February 18, 2021. Humana is the Department of Defense ("DoD") contractor charged with administering the TRICARE program for the East Region. The memo pertains to administrative offsets being imposed by Humana against health care providers in the TRICARE East Region. The memo was identified by Humana Unit Coordinator (b)(6) during a customer service call on March 17, 2021 with (b)(6) from Killeen Emergency Center ("Killeen") (TEPRV#s 824314476 76541 A001, 824314476 76541 B001, 824314476 76541 0000, 824314476 76541 C001). According to (b)(6) the memo regards the discovery of incorrect recoupments which affected approximately 40,000 cases. (b)(6) further explained that because of these errors, there would be a 60-day hold on recoupments until April 18, 2021. Killeen also requests all Humana and DoD internal communications relating to the memorandum and the handling of recoupments during the any hold period. Killeen is a health care provider that is subject to one or more of the 40,000 erroneous recoupments and is suffering severe financial consequences as a result. Humana Military East's errors and illegal behavior in administering the TRICARE program in Texas threaten the closure of Killeen's facility which will leave thousands of TRICARE beneficiaries without adequate access to emergency health care services.</p>	06/22/2021

FOIA-21-00282	Fahrney, Steven	-	I noticed that VAERS jumped from 6,000 reports of death to 7,800 reports of death in one week. I was wondering how many Adverse Reports of Death have been reported by troops who were on active duty when they took their first dose of any of the COVID-19 vaccines. I am not looking for confirmed vaccine deaths, just reports of death where the COVID vaccine is suspected as the cause of death. I am not requesting personal data, just numbers, and I assume you are tracking these numbers already, as the military tracks COVID deaths, I just can't find the numbers on your site.	06/23/2021
FOIA-21-00283	Dane, Jennifer	Modern Military Association of America	I would like to know the number of denials for 'gender dysphoria' related claims that include hormone replacement therapy, psychological counseling for gender dysphoria, and any surgery or medical services related to gender-affirming care. I would like it to include types of denials of medical procedures, reasons why denied, service branch, military status (active, guard, reserve, veteran, dependent), and also by the year starting in 2010 - (2021) today.	06/23/2021
FOIA-21-00284	McDonald, Scott	USN Victims' Legal Counsel Program	Any and all Reports of Investigations, including but not limited to (b)(6) including exhibits and enclosures, and other reports, documents, and investigative materials, related to the allegations of abusive sexual contact and indecent exposure committed by (b)(6) against (b)(6) that occurred. The case related to this investigation has been closed and a Sexual Assault Disposition Report has been issued, so there are no open judicial or administrative proceedings.	06/24/2021
FOIA-21-00285	Tomlinson, Michael	-	Request description I'm writing out of concern that an individual in Jacksonville, NC is holding herself out as a retired Colonel, medical doctor, surgeon and Fellow of the A.C.S. She is evasive and her story lines confused. If she were not giving medical advice it would be easy to overlook her eccentric behavior, multiple aliases and claims, but her use of the title Dr. has granted her automatic respect and authority in a military town without question or investigation. Without divulging any PHI or PII has (b)(6) ever been associated with military medicine as a doctor, flight surgeon or staff member at an MTF or USUHS? If so what was her position and rank? This concern has been routed to the NC Attorney General's Office and Medical Board who are investigating. Thank you.	06/28/2021
FOIA-21-00286	Marnhout, William	Armed Forces HST Limited Liability Corporation	The following is a request made under the Freedom of Information Act, is for a commercial purpose and an expedited request is submitted. The reason for the expedited request is ongoing conversations with SASC/HASC committees on the NDAA 2021 Project under discussion to conduct a trial to determine admission to armed forces of pre-existing illness. We are offering \$100.00 for the following information, if that is insufficient please advise and you may contact me at (b)(6) or this email site, (b)(6) < Cautionmailto: (b)(6) > . We are requesting the following: 1. How many ADSM, all branches of service, all non-commissioned ranks, years 2016 - 2019 were diagnosed with G47.00/09 and G47.33 from reporting records at both MTF's and Non-MTF facilities? 2. What was the expense of diagnostic sleep testing, all relevant CPT Codes, from both MTF and Non-MTF facilities for years 2016 - 2019, all ADSM non-commissioned and officer ranks, all branches of service individuals diagnosed with G47.33 and G47.00 /09. 3. What was the expense of providing, 2016 - 2019, to ADSM's, all branches of service, noncommissioned and officers, items coded E0601 and E0470 Thank you.	06/28/2021
FOIA-21-00287	Marnhout, William	Armed Forces HST Limited Liability Corporation	This is a request made under the Freedom of Information Act. FOIA-21-00301	Kline, Adam	-	I request that a copy of the following documents be provided to me: A memorandum produced by the Armed Forces Institute of Pathology's (AFIP) Office of the Armed Forces Medical Examiner (aka Office of the Medical Examiner), dated July 25, 2000, Subject: "Review of material relating to an alleged incident in the area of No Gun Ri, ROK in July 1950." This document was produced as part of the Department of the Army Inspector General (DAIG) investigation into the Korean War-era No Gun Ri incident (which took place in July 1950). The document is cited in the DAIG's January 2001 report on No Gun Ri at Appendix B, Tab 3, page B-14, endnotes 3 and 6. See https://web.archive.org/web/20170325202500/http://library.uoregon.edu/ec/e-asia/read/nogunri.pdf (page 269; also attached below). Please note that AFIP closed in 2011 and was replaced by the Armed Forces Medical Examiner System (AFMES), which falls under DHA administratively. Please release all reasonably segregable nonexempt portions of documents.	07/16/2021
PFOI-21-0112	Munroe, Allmarie	Litigation Management Inc	Request for TRICARE records. 8/22/1941 to 10/3/2008. Authorized for all records (Exclude SDCs). Beneficiary: (b)(6) Deceased) Representative: (b)(6)	07/13/2021
FOIA-21-00302	Chastain, Eric	University of Southern California	I request that a copy of the following documents or documents containing the following information be provided to me: 1. Aggregate data from each military branch (Army, Navy, Air Force, Marines) within the Department of Defense from 2014 to present for total number of military separations by discharge characterization (honorable (HON), general (GEN), other than honorable (OTH), bad conduct (BCD), dishonorable (DIS), entry-level, and medical) 2. Demographic data associated with discharge types listed above (race, gender, pay grade, time in service) for the period of 2014 to present. For example of the 1,000 OTH discharges in 2015, 255 were black soldiers, 600 were white soldiers, 200 were Hispanic, etc; 12% of all OTH discharges for white soldiers were women, etc. 3. Aggregate data from each military branch within the Department of Defense from 2014 to present related to misconduct related separations. Specifically I am requesting information that addresses separation statistics that include: race, gender, and ethnicity data associated with type of misconduct that led to separation, rank/pay grade, soldier's time in service, characterization of separation (HON, GEN, OTH, BCD, etc.) 4. Aggregate data from each military branch within the Department of Defense from 2014 to present that address officer separations from service. I request the total number of those who separated from service and reason for separation, for example retirement, resigned commission, dismissed from service, etc. Specifically I am requesting information that addresses separation statistics that include: race, gender, and ethnicity data associated with type of separation, rank/pay grade, soldier's time in service, type of misconduct (if any) that led to dismissal. 5. Aggregate data from each military branch within the Department of Defense from 2014 to present that identifies military service member separations for misconduct with previous mental health diagnosis. I am aware of the 2017 GAO report that references this, but I am specifically requesting information that identifies the characterization of discharge with the number of military service members previously diagnosed. If possible, the types of diagnosis such substance abuse disorder, post-traumatic stress disorder, depression, etc. For example: in 2018, the Army had 4,500 soldiers separated with an OTH discharge, 3000 had previously been diagnosed with a mental illness (848 generalized anxiety, 1000 substance abuse disorder, etc)	07/19/2021

DHA FOIA Log FY2021

Request ID	Requester Name	Organization	Request Description	Received Date
FOIA-21-00366	Gatta, Brian	Sanctions, Inc.	I am requesting, pursuant to the FOIA, (i) a copy of the letter, issued to TRICARE on or about 7/14/2017 by the Department of Treasury's Office of Foreign Assets Control (OFAC), and (ii) the 12/17/2014 letter sent by TRICARE to OFAC. The letter from OFAC has the "case id" SY-2015-315678-1 (meaning that the letter concerns the Syrian Sanctions Regulations). The 12/17/2014 letter sent by TRICARE to OFAC was a License Application Request, and the reply from OFAC is an "Interpretive Guidance" (presumably stating that no license was required due to the "official business" provisions of the applicable regulations).	09/14/2021
FOIA-21-00367	Huntsberry, Will	-	Please consider this a Freedom of Information Act request. If I'm sending it to the wrong person, please let me know where I should send it instead. I'm writing to request the following: Any records which detail the number of active duty military suicides by single-year age (not age group) and by gender for the years 2018, 2019 and 2020. I would like this information to be separated by years, rather than a lump sum total for all three years, if such information exists. I would be happy to receive this information in any number of formats. For instance, a simple list for each year would work, should that information be available. Such as: 2018 -male suicides 17 years old - 2 18 years old - 35 19 years old - 25 etc... -female suicides 17 years old - 0 18 years old - 22 19 years old - 44 etc... If such a list does not exist or can not be easily created, then I would like you to produce any record (redacted as necessary) that logs military deaths by type of death, age and gender.	09/15/2021

FOIA-21-00373	Prather, Jefferson	-	From May 1995 to August 2005 I was civilian consultant in the Office of the Special Assistant for Gulf War Illnesses. Following the attack on the Pentagon I was tasked by Dr. (b)(6) to write a summary report of the military's environmental response/environmental sampling efforts following the attack on the Pentagon. I have a hard copy of the report but I have been unable to find an electronic copy of the report on various DoD/govt websites. It was dated January 15, 2004, CMAT 2002326-0000007 Environmental Health Response to the September 11, 2001, Attack on the Pentagon. I could locate several of the papers I wrote or co-authored (DU/IRFNA) but I could not find the Pentagon response paper. While this was not under the normal research activities of OSAGWI, (b)(6) wanted to make sure the military's environmental monitoring efforts were not lost over time. I would appreciate your assistance.	09/13/2021

FOIA-21-00381	Sporn, Alan	New World International Holdings, Inc.	Re: SPE2DE-21-D-0051 Protest. Alan Sporn After numerous attempts to correspond with the Department of Defense procurement officer concerning the award to a nonveteran, non-priority vendor, New World International Holdings Corp. is initiating the protest of this award. We have included two conflicting contract award notices, which we would request to be clarified. Narrative One: Intrivo Holdings, Hargrove, California, has been awarded a maximum \$274,500,000 indefinite-delivery/indefinite quantity contract for over-the-counter antigen test kits. This was a competitive acquisition three responses received. This is a one-year contract with no option periods. Location of performance is all 50 states, with a Sept. 15, 2022, ordering period end date. Primary customer is the Department of Health and Human Services. Type of appropriation is fiscal 2021 through 2022 defense working capital funds. The contracting activity is the Defense Logistics Agency Troop Support, Philadelphia, Pennsylvania (SPE2DE-21-D-0051). (Awarded Sept. 16, 2021) Narrative Two: DOD Awards \$109.8 Million Contract to Intrivo Holdings Corp. to Purchase Over-the-Counter COVID-19 Test Kits DOD awarded a \$109.8 million contract to Intrivo Holdings Corp. to purchase over-the-counter COVID-19 test kits. Deliveries of the 10 million test kits will commence October 2021 and ordering capability will continue until September 2022. We also request that clarification as to why, if New World International Holdings Corp. is registered with the government, a veteran-owned business, and a carrier of the specific product sought by the Department of Defense, we were not informed and allowed to respond this bid. In our written requests for the bid documents related to this contract, we have also requested the names of the three vendors who participated in this bidding process, with no response. Our proposed solution to this award is to withdraw the award to Intrivo Holdings of Hargrove, California. We suggest a new bidding process or automatic award to New World International Holdings as we meet and exceed the compliance and requirements for this contract. Our veteran status places us above a non-veteran vendor. We appreciate the review of this protest and would be happy to provide additional information.	09/27/2021

FOIA-21-00383	Schleifer, Ian	NY Army National Guard	Hi, I'm trying to get active duty numbers (de-identified) for Covid-19 related ambulatory care visits in 2020 reported using ICD-10 code U07.1. Using DMED I'm able to search for 4 related SARS/coronavirus codes (B and J series) but can't find anything for U07.1. The annual 2020 AMB visit report noted ~80,000 visits billed under U07.1 and I'm wondering how can I see that in DMED? Specifically, I'm looking for U07.1 visits in 2020 for ARMY (all fields) and ARMY by racial demographic (Black, White, Other). I'm serving as lead medical provider for JTF-South on NY State Covid-19 Response mission. I can submit a FOIA request (have never done this, not familiar with the process) but hoping there is an easier way, as DMED is such a great resource for non-privacy act information. Thank you in advance! -- CPT Schleifer, JTF-S, NY ARNG	09/27/2021
FOIA-21-00384	(b)(6)	Brooke Army Medical Center	I request the results of records of the investigation under AR 15-6 as detailed below and any documents or board of officers available from 1 April 2020 to 1 August 2021 involving the following individuals as material witnesses or respondents: (b)(6) (b)(6) who are assigned to Brooke Army Medical Center and/or Joint Base San Antonio. In particular, I am requesting the results of the AR 15-6 investigation regarding these individuals which was ordered by Brooke Army Medical Center Deputy Commanding Officer (b)(6) (b)(6) and for which the investigating officer was (b)(6). I submitted sworn statements as part of this 15-6 investigation on 5 May 2020 and 12 May 2020. The results of the investigation were summarized for me by (b)(6) (b)(6) Chief Medical Officer and (b)(6) SJA on 29 September 2020	09/27/2021

FOIA-21-00386	Schleifer, Ian	NY Army National Guard	I am requesting from calendar year 2020: the number of active duty Army service member visits (at a Military Treatment Facility or billed through Tricare) coded with ICD-10 code: U07.1 (Covid-19). I am requesting the number of these visits for all active duty Army service members as well as broken down by racial demographics of: White, Black, and Other, and for gender/sex: Male, Female (for 2020, Army active duty). I was not able to find this code or information in DMED, and I don't have access to DMSS, hence the reason for my request. I do not need any other information. I do not want any personal identifiers with this data, just raw count of visits coded with U07.1 Thank you. I currently work on the JTF-South NY State Covid-19 Response Mission as a medical provider from the NY Army National Guard (O-3, CPT). I am also working on my doctorate for Touro University. These numbers will help me in both fields, as we continue to make sense of the pandemic.	09/27/2021
