FOIA-22-00001	Cannon, Jennifer	Bosma Enterprises	ToWhom It May Concern: This is a request under the Freedom of Information Act. We are willing to pay any reasonable fees associated with this request. Bosma Enterprises, a non-profit provider of disposable medical supplies to government-run hospitals, is requesting information to help better understand the market we serve. We would like to have a list of purchase cardholders/purchasers for each DHA medical facility. We would like it in a spreadsheet, along with the following by line item: 1. Full Name 2. Facility 3. Facility Address (if available) 4. Email (if available)	10/01/2021
FOIA-22-00002	(b)(6)	-	On Monday, 21/12/2020, at around 9:30 PM, I was touched by the MP's at the Madigan emergency room. Since then, I have tried to seek justice, but the command has repeatedly proven that the hospital Command will never hold the MP's accountable for what they did to me. The room I was in, at the ER, had a video camera, so please, I am here to request that the video be released so that my private investigation team can investigate this issue.	10/01/2021
FOIA-22-00003	Dapcevích, Madison	Snopes	I hope this message finds you well. I am a reporter with the fact-checking website Snopes and our readers have asked us to look into a video that is circulating online that claims a "navy surgeon" is urging military personnel against receiving the COVID-19 vaccine. The video in question can be found here < Caution-https://www.youtube.com/watch?app=desktop&v=BPkrU23DGSa&fbid=IwAR1vbeAUmgnOEJkN8y4cJfDBwaUy7VAJe8HRLmCkWCCTDdMkokuhrqWlk> . First and foremost, can you please confirm the identity of this speaker and if they are affiliated with any of the armed forces, particularly the navy? (She claims to be a "tenured navy surgeon.") Additional questions regarding the claims made in the video are below: 1. Were there only 20 COVID-19 deaths "in all the services put together" in 2020? 2. Since the COVID-19 vaccines have been rolled out to the military, have there been 80 cases of myocarditis and tumors recorded in servicepeople? 3. The speaker claims that only 317 cases of myocarditis have been recorded in the 31 years of the VAERS system. Is it true that since vaccines have been rolled out, there are now 1,113 recorded cases in military personnel? 4. The speaker also claimed that there are 229 cases of leukemia seen in the armed forces since vaccines rolled out, compared to 48 per year on average. Is there any truth to this? 5. To address the main point of the speaker's argument, have COVID-19 vaccines killed more active duty than COVID itself? Thank you in advance and I look forward to hearing from you.	10/04/2021

FOIA-22-00017	Dennis, Veronica	-	In May of 2019 the decomposed body of a male was discovered in Bullhead City, AZ. Approx 20 yards from the body a wallet was discovered which housed the AZ ID of a (b)(6) (h)(6). The body was unidentifiable. During my investigation I discovered (b)(6) was a Veteran, through a previous employer. I spoke with (h)(6) and he directed me to make this request. (b)(6) served in the Army from 1977-1981. He was born in (h)(6). Our office was able to obtain latent prints; however, they did not make a positive hit in AZ or in the Federal system. I was asked to obtain (b)(6) prints, which is one of the reasons I am reaching out for assistance. If prints are unavailable, maybe dental records are available and/or Next of kin information. I am hoping to be able to positively identify this gentleman and I can only start with (b)(6) due to the AZ ID that was discovered nearby.	10/14/2021
FOIA-22-00018	(b)(6)	MEDDAC Kellar Army Community Hospital	In July 2021 I, (b)(6) received a telephonic phone call from my previous company commander at Winn Army Community Hospital, Fort Stewart, Georgia that I was being under investigation for sexual harassment towards another Soldier living in the barracks at the same company. Over a month later I was called and told that the investigation had concluded and the investigation came back unfounded, and that I was no longer flagged. I would like a report of this investigation because the company commander had stated I would receive a copy once the investigation had concluded. I believe it was wrong to flag me for sexual harassment because during the investigation the officer investigating had asked if I had walked into a female Soldiers room unannounced and if I had seen her naked. Although I answered "no", I find it hard to believe that this is what's described as sexual harassment, and also if that's the case, how is command educating our young Soldiers believing this is sexual harassment. These claims I feel are very damaging to my military career and even though the investigation came back unfounded, I feel very uneasy with a lot of questions unanswered, mostly because of lack of communication from senior command at Winn Army Community Hospital, who had initiated the investigation	10/14/2021
FOIA-22-00019	Czikowsky, Douglas	-	November 11, 2020 the bear county sheriffs showed up to my house with their cameras asking why I was calling and harassing the hospital? I need all documents which led to those shares at my house and November 11 and why they covered up for over a month during a pandemic. December 19 I have a video of (b)(6) from patient A advocacy saying nobody in the hospital not the command suite not the Provos , pa nor any of my doctors had any idea about the police being sent to my house and November 11 over a month and a half later. The IG reports and on December 20 while being interrogated by the chief of the Provos Hobson and three of his detectives (h)(6) and another gentleman I cannot remember the name.	10/14/2021

FOIA-22-00022	Wright, Jacqueline	DFMWR - Casey Memorial Library	My name is Jacqueline Wright, and I am the Reference Librarian at the Casey Memorial Library at Fort Hood, TX. I am trying to help a patron with a research question and hope you can provide me with some assistance or would know where to refer me. My patron works for the Blackland Research Center Water Science Laboratory at Texas A&M University. He wants to know where he can find a record and/or information about all flood-related fatalities on Fort Hood since its inception as Camp Hood in 1942. It is my understanding that the Armed Forces Medical Examiner oversees the DoD Medical Mortality Registry, so I've already emailed that office. However, I'm also contacting the Defense Health Agency in the event that this is the more appropriate office for my request. Any assistance or guidance you can provide would be greatly appreciated.	10/15/2021

FOIA-22-00029	Martschink, Tree	The Martschink Group	Hello, Pursuant to the Freedom of Information Act, 5 U.S.C. subsection 552, I am requesting records and information related to Tricare identified on the following page. Because disclosure of the requested information is in the public interest, I request a waiver of all agency fees related to providing a full and fair response. The records described are not requested to further my own pecuniary interests. Rather, disclosure of the information is likely to contribute significantly to public understanding of the healthcare system. If any information is withheld, please provide a full explanation of all exemptions that provide the basis for withholding the information. Thank you in advance. Request List The following requests relate to recent changes made to the Tricare Operations Manual Chapter 18, Section 4: The Department of Defense Autism Care Demonstration. Section "8.6.4 Outcome Measures" of the ACD includes the following requirement for providing ABA services to children with autism: "...Submission of all outcome measure results must include the full publisher print report or hand-scored protocol and summary score sheet(s). Imbedding scores within the treatment plan or other clinical documents is insufficient to meet the submission requirements." As relates to this requirement for health care, please provide the following: (1) Identify all academic literature, studies, scientific reports, or scholarly publications referred to or relied upon in the decision to include this requirement. (2) The names and occupations of all individuals who contributed to the inclusion of the requirement. (3) Any internal reports or research measuring or describing the way in which imbedded scores are "insufficient". Under the revised Autism Care Demonstration, providing ABA therapy now requires the significant involvement of an "Autism Services Navigator" (ASN), defined in section 11.11 as: "The ASN collaborates and oversees the assessment, planning, facilitation, care coordination, evaluation, and advocacy for options and services to meet an individual's comprehensive health needs through communication and available resources to promote quality, cost-effective outcomes. An ASN must hold a current, valid, unrestricted license which include: a Registered Nurse (RN) with CM experience, clinical psychologist, LCSW, or other licensed mental health professionals who possess a certification in CM. The ASN must have clinical experience in: pediatrics, behavioral health, and/or ASD; a healthcare environment; and proven care management experience. This definition specifically excludes both BCBA's and assistant behavior analysts." According to section 5.2, the ASN is covered under the ACD and reimbursable for services coordination. (4) Please provide any studies, research, or data evaluating the efficacy of ASN service coordination on ABA therapy along with documentation of related outcome measures. (5) Please provide copies of all procedures and requirements to which ASNs must adhere to	10/22/2021

FOIA-22-00038	Archer, Edward	-	I seek de-identified health data on members of the department of defense. I am familiar with what is available on the web. To be precise, I would like to perform a more detailed analysis (by age, sex, etc.) of what is reported on this webpage: https://www.defense.gov/Spotlights/Coronavirus-DOD-Response/ Specifically, I will perform an analysis of case fatality rates for COVID-19 among DoD personnel. This analysis will examine rates of testing and vaccinations, incidence of infection, and mortality by sex, age, height, weight, race, co-morbidities, and geographic location in the total DoD population inclusive of members of the military, dependents, civilians, and contractors. Depending on the context in which the data are presented, I may need code books and other material relevant to understand the data. Whoever analyzed the data for the webpage that was referred to above will be able to provide the necessary material. Thank you for your time and efforts. FOIA-22-00065	Sharpe, John	-	Request copies of records of any form (paper, electronic, reports from DMLSS or other relevant system) reflecting the quantities and lot numbers of inventory of the Pfizer-BioNTech COVID-19 Vaccine received by DHA since it became available through the present. For the convenience of FOIA personnel, I would be happy to discuss the scope of this request to narrow it down and make it as minimally burdensome as possible. For the sake of clarity I wish to note that I am only requesting records adequate to establish the lot numbers of the above-noted vaccine received into the defense medical logistics establishment (DMLE) and their quantities. If it makes the request easier to process, I would be willing to take specifically only those records needed to establish quantities received by the DMLE from the following lots: FD7220, FE3592, FF2587, FF2588, FF2590, FF2593, FF8841, FH8027, FH8028. I request timely interim releases of records as they become available. Please do get in touch for clarification if needed or helpful.	11/16/2021

FOIA-22-00068	Nichols, Julie	Roeder, Cochran, Phillips, PLLC	<p>I am submitting this request pursuant to the Freedom of Information Act, 5 U.S.C. §552, as amended. Please note that while I am sending this request to your office, the request applies to all of the Department of Defense (DoD) that may have records related to this request. As such, the FOIA and DoD regulations require you to forward this request to one or more DoD FOIA offices, if necessary, to ensure complete compliance by the DoD with its FOIA obligations hereunder. Please provide copies of all DoD Medical Spend Data, as specified below for the period of January 1, 2018 through October 1, 2021:</p> <p>Please identify spend data using the following column/data fields or their equivalents in the DoD's records/database:</p> <ol style="list-style-type: none"> 1.Department Name; 2.Department Number; 3.Order Number; 4.Order Date; 5.Purchase Method; 6.Contract Name / BOA; 7.Vendor Item Description and Item Master Description; 8.Vendor Stock Number; 9.Unit of Purchase; 10.Package Multiples; 11.Total Line Item Cost; and, 12.BOC Code. <p>To the extent that the following columns/data fields are not duplicative of the columns of data referenced above, we seek to include the following additional columns/data fields in addition to the columns/data fields above for this FOIA request:</p> <ol style="list-style-type: none"> 1.Product or Service Codes: <ul style="list-style-type: none"> a.6515 – Medical and Surgical Instruments, Equipment, and Supplies b.6510 – Surgical Dressing Materials c.6530 – Hospital Furniture Equipment, Utensils, and Supplies d.Q504 – Surgical Appliance and Supplies Manufacturing 2.Vendor-related columns: <ul style="list-style-type: none"> a.DUNS Number b.CAGE Code c.Name d.Address e.City f.State g.Country h.Socio-Economic Status 3.Government facility-related columns: <ul style="list-style-type: none"> a.Location Name b.Station Code c.Purchasing Department 4.Purchase Order Information: <ul style="list-style-type: none"> a.Method of Processing b.Contract/Basic Ordering Agreement (BOA) c.Product ID d.Item Master Description e.Unit of Measure f.Packaging Multiple (i.e., how many per case) g.Location Contact h.Product or Service Code (PSC) i.NAICS <p>I am willing to pay all reasonable and customary fees, including search fees, related to the DoD's response to this request up to \$250.00 so long as the DoD complies with its 20-day statutory response requirement. Please send the request/invoice to the undersigned by email: (b)(6) Please provide the responsive records in electronic format and on a rolling basis to the greatest extent possible.</p> <p>The FOIA requires the DoD to conduct a reasonable search of its records, both electronic and non-electronic, and to release records responsive to this request in their entirety unless they are expressly covered by an exemption enumerated in the FOIA. If the DoD chooses to withhold any portion of a responsive document, it must explain its rationale for each claimed exemption in the records and then release the segregable parts. The rationale must be more than simply repeating back the exemption section claimed and standard. If the DoD chooses to withhold any responsive documents in their entirety, the DoD must clearly state the exemption(s) claimed for each responsive document and the rationale for the claimed exemption. I will note FOIA case law requires the DoD to describe the document withheld, its contents in general, and why it cannot be released.</p> <p>I look forward to receiving your response within 20 business days of receipt of this request. If you have any questions regarding this request, I may be reached by phone at (b)(6) or (b)(6)</p>	11/18/2021

FOIA-22-00072	Sharpe, John	-	Request copies of records of any form (paper, electronic, reports from DMLSS or other relevant system) reflecting the quantities and lot numbers of inventory of the Pfizer-BioNTech COVID-19 Vaccine received by DHA since it became available through the present. For the convenience of FOIA personnel, I would be happy to discuss the scope of this request to narrow it down and make it as minimally burdensome as possible. For the sake of clarity I wish to note that I am only requesting records adequate to establish the lot numbers of the above-noted vaccine received into the defense medical logistics establishment (DMLE) and their quantities. If it makes the request easier to process, I would be willing to take specifically only those records needed to establish quantities received by the DMLE from the following lots: FD7220, FE3592, FF2587, FF2588, FF2590, FF2593, FF8841, FH8027, FH8028. I request timely interim releases of records as they become available. Please do get in touch for clarification if needed or helpful.	11/17/2021

I am prepared to pay up to \$25 without further coordination for satisfaction of this demand. If your estimate exceeds that amount please provide your costing worksheet and staffing assumptions as required by FOIA regulations. As a reminder any claim of exemption or privilege may only be used to justify the redaction of those specific items of information that are believed exempt, and the exemption must be clearly cited for each redaction. Also, as a friendly reminder because you know what sleazy creatures lawyers are; attorney client privilege is narrowly defined for FOIA purposes and is limited only to actual seeking or provision of legal advice. Just because a lawyer wrote it doesn't automatically make it secret, no matter how much (b)(7) stomps his feet and insists. Preferred response is as electronic attachment to this email. If you redact anything ensure you include the appeal information.	11/15/2021

FOIA-22-00087	Johnson, Jeffrey	US Navy	This request is being made to assist military surgical subspecialists (myself included) in advocating for the creation of full-time military-civilian medical institutional partnerships - specifically at NMCP, but more broadly at other Navy MTFs. One of the most common justifications given to this highly trained group of Navy physicians when denying a request for support to participate in mil-civ partnerships is, that doing so in anything more than a part-time capacity will take them away from the MTF and the MTF "might need them" if they "ever want to become a trauma center". This is often verbally relayed and rarely done in writing. However, this subject has been officially studied and, at least at NMCP, the government commissioned report recommended AGAINST creating a trauma center. This official information will be invaluable to Navy physicians when seeking to successfully achieve their clinical readiness by empowering them to dismiss these arguments and enabling them to advocate on their own behalf to be clinically ready to deploy and care for service members.	12/06/2021

FOIA-22-00098	Bates, Clara	-	I request the following documents: Contract(s) related to procurement identifier HT001121A0005. (Between Med Ed Labs and Defense Health Agency). I am a freelance reporter and this request is made as part of news gathering and not for a commercial use. If you estimate that the fees will exceed \$20, please inform me first. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government. Specifically, Med Ed Labs received its largest-ever government contract last summer, but details are not currently publicly available. Last month, Med Ed labs reached national headlines with accusations of misconduct. Disclosure of the contract(s) as soon as possible is urgent for the public interest: to discern whether the company is equipped, in light of recent findings, to carry out its contractual obligations. I am currently stationed at Madigan Army Medical Center in the Department of Clinical Investigation. On June 17, 2021, I filed an Equal Opportunity (EO)/discrimination complaint against (b)(6) Madigan Army Medical Center. I was notified on December 16, 2021 that it was complete. In accordance with AR 600-20, I was told by the EO Officer/JAG that I may be able to obtain the final investigative report through a FOIA request. Thus, I am officially requesting a FOIA to obtain a full report of the investigation into my EO complaints. I believe the record is held at First Corps, JBLM JAG and with Madigan JAG. The Investigating Officer for the case is (b)(6) One of the JAG overseeing the case is (b)(6) Please reach out to me by phone at (b)(6) or via email at (b)(6) for more information about my request. FOIA-22-00144	(b)(6)	-	This is a written FOIA Request. In 2011 MMSO paid for medical treatment at Emory Adventist Hospital on my behalf. I worked with (b)(6) to get the bill paid because Navy Operational Support Center (NOSC) Atlanta Medical did not route the worksheet forward IAW Navy directives. However, the result of another FOIA request, per (b)(6) FOIA and Privacy Act Coordinator, Commander Navy Region Southeast, provided me in 2012 a worksheet signed by (b)(6) at NOSC Atlanta. Moreover, I opine that nefarious and fraudulent actions intentionally contributed to my illness and injury incurred during my military service. Consequently, this request comes to establish service connection with the US Department of Veteran Affairs based upon what I perceive as a fraudulent written statement by (b)(6) that conditions were not military related. In addition to the fact that when I separated from the active duty and the Navy Reserve, I did not go through the Integrated Disability Evaluation System (IDES) when it was first determined I was not fit for duty. Therefore, I seek a copy of the MMSO worksheet that (b)(6) signed approximately two years after the treatment at Emory, November and December 2010, since I am a veteran who do not qualify for DoD Disability; who now seeks eligibility to receive VA Disability through through the VA Disability Process. I further opine, If such was appropriately filed, as provided to me, then I should have been medically separated, instead of NOSC Atlanta CO, (b)(6) ssuing a Medical Retention Review. Although, found fit for duty by the PEB, 25 June 2016, discriminatory discretion of the CO did not allow my reenlistment.	01/25/2022

FOIA-22-00178	(b)(6)	-	I am a contributor to Operation "Skyborg" and "Silent Talk". I am involved in "Human Subject Research", defined by DODI 3216.02 and DODI 6025.23. I am requesting copies of medical records related to the reference programming and Neuralink Corp. I am requesting records from June/July 2018 to present day. I have been experiencing extreme discomfort and pain in my parietal lobe and somatosensory cortex since early January 2022. The manufacturer, Neuralink Corp., waived any "classified" restrictions related to the platform and N1 Link in 2019 at their 2019 Launch Event by including footage of surgical procedures performed on me. As such, standard Congressional Exemptions, do not apply. I am eager to gain optics on the situation and to have the damage evaluated using FDA-approved diagnostics Pursuant to the Freedom of Information Act (FOIA), I hereby request the following: All emails with attachments sent to and/or from the following people, mentioning any of the following terms: EHRM, OEHRM, Defense, DOD, Mar-a-Lago, Trump, cost estimate, training, interoperability, pilot, election, governance, clinical councils, national workshop, infrastructure, White House, Spokane, Jared Kushner during the period from Jan.1, 2018 through June 1, 2021: (b)(6)	02/22/2022

FOIA-22-00180	Fischer, Stephen	National Medical Association	Dear Madam or Sir, National Medical Association (NMA) is a 126 year old organization of African American physicians, and I'm NMA's section chair for military medicine, occupational health and veterans affairs. In preparation for our annual conference which convenes on July 30th, 2022, I request updated information on African American physicians serving as commissioned officers within Department of Defense. I will present to NMA's membership on DoD's progress with recruiting, retaining and professionally developing (promoting) African American physicians over a twenty year span, from 2000 to 2020. For each year (2000, 2001, 2002, 2003, 2004, 2005 ... 2020) please provide the number of African American physicians (active duty medical corps officers) within DoD - Army, Navy, USAF - compared with active duty physicians who belong to other racial groups. We need understand the numbers and the percentages for each service, each racial group, gender, and also data broken down according to rank / grade. We understand that active duty and reserve medical students have O-1 rank, but active duty physicians typically begin at O-3 rank, so we would want to track the percentage of active duty African American physicians, comparing male and female as well as comparing racial groups, for each year during the 20 year span, 2000 to 2020, and also broken down according to rank, O-1 (medical corps officers in student status), O-3 physicians, O-4 physicians, O-5 physicians, O-6 physicians, O-7 physicians, and O-8 physicians and O-9 ranked physicians. This would help NMA understand how African American women and men have fared over the 20 year period across the medical corps officer ranks (physician career progression) with comparison of racial groups at each paygrade over the years. Sincerely, Stephen Fischer, MD, MPH, FACPM, FACDEM (b)(6)	02/28/2022

FOIA-22-00204	Thompson, Michelle	UPPI	Dear Sir or Madam: The purpose of this letter is to request information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. section 552. If this information is not available from your agency, please forward this request to the appropriate agency or advise me of the other agencies which might have this information. Please provide me with a copy of the following items: UPPI is requesting information on Procurement W81K0221A0006, for Radiopharmaceutical supplies at Tripler Army Medical Center (Hawaii) with a signed date of 04/21/2021 and a performance start date of 05/01/2021. For this purchasing action, one offer was received. UPPI is requesting the SOW and the CLINS for this procurement. It is also seeking any market research information conducted to identify possible suppliers for this procurement with a NAICS code of 325412, (Pharmaceutical Preparation Manufacturing). The Prepared User for the action was (b)(6) and the action was approved by (b)(6). Public documents indicate the last date to order on this BPA is 04/30/2026. Subsequent actions included a BPA for \$10,343.08 by (b)(6) on 09/23/2021 with an Award ID of HT009021FG0970001. Public transaction information indicates the BPA has an estimated ultimate completion date of 09/30/2021. Another BPA was executed on 12/03/2021 for \$18,426.66 with Award ID HT009022FG1270001. Transaction details on that procurement show an ultimate completion date of 09/30/2022. Please confirm if the BPA continues to have a Last Date to Order of 04/30/2026. For all these actions/BPA purchases, UPPI is requesting information in SOW, CLIN and market research conducted to identify suppliers. Please limit your search of the above item(s) to the period from January 01, 2021, to March 08, 2022. I am enclosing the following to assist you in conducting your search: fpds.gov records for the original BPA dated 04.21.2021, subsequent BPA for 09.15.2021 and BPA signed 12.03.2021 If any part or all of the materials are withheld under an FOIA exemption, please provide a list of the information withheld and mark any deleted sections. Please list the specific exemptions that form the basis for any deletion from a document or the complete withholding of a document. I request that you furnish the information without any charge or at a reduced charge because the information will be used for the public interest. Since I am requesting information for this purpose, any fee associated with the search for the requested information should be limited to the reasonable standard charges of duplication only. The public will benefit from the release of this information because this FOIA may result in decreased costs at Hawaii's Tripler Army Hospital for the procurement of nuclear pharmaceuticals, also called radiopharmaceuticals. Adding another bidder or bidders to future procurements increases competition. Currently, it appears that only one bidder has been secured for a BPA with a five-year period. Additional bidders will allow the DHA to evaluate multiple offers. This may lower costs to the DHA and by extension, the public. In any event, please provide me with an itemized statement of the applicable fees. If search and copying fees are estimated to exceed \$150.00, please contact me before proceeding with this request. To further narrow my request, I would like the opportunity to review the documents retrieved or your document index to select records to be copied. Please identify the location of the documents and/or the document index so that I or my authorized representative can retrieve the records. Thank you for your assistance. Sincerely, Michelle Thompson	03/08/2022

All records that DHA has produced in response to the FOIA request(s) described in specification No. 1, above. 3. All records, including all communications and any other documents, received or sent by DHA in connection with any meeting with (b)(6) Joseph Saveri Law Firm, Inc.; Markman Advisors; Kroub, Silbersher & Kolmykov PLLC; Goldstein & Russell P.C.; or Herrera Kennedy LLP related to Zytiga, United States ex rel. Silbersher v. Janssen Biotech, Inc. et al., Civil Action No. 19-12107 (D.N.J.), and/or United States ex rel. Silbersher v. Janssen Biotech, Inc. et al., Civil Action No. 17-cv-07250 (N.D. Cal.). This includes, but is not limited to, any meeting(s) that may have occurred on June 5, 2018; November 2, 2018; or June 5, 2019. 4. Records sufficient to show the total annual payments made by DHA through federal health insurance program(s), including TRICARE, for the drug Zytiga during calendar years 2016 through 2021. 5. Records sufficient to show the total annual prescriptions for the drug Zytiga during the calendar years 2016 through 2021 paid for by DHA through federal health insurance program(s), including TRICARE. 6. All records regarding the purchase of, or payment and/or reimbursement for Zytiga pursuant to Federal Supply Schedule during calendar years 2015 through 2019. 7. All communications, including those between DHA and any third party, concerning the validity or status of United States Patent No. 8,822,438. For purposes of calculating any fees, you may treat this as a commercial FOIA request. I am willing to pay fees up to a maximum of \$500 for this request. If you estimate that the fees will exceed this amount, please inform me before proceeding. To clarify, where the names of law firms or another legal entity are included in this FOIA request, the use of the entity's name should be interpreted as encompassing the entity as well as any of its officers, employees, partners, attorneys, staff, or other representatives rather than just the entity itself. Further, the use of the phrase "sufficient to show" in a specification is intended to clarify that DHA does not need to provide all documents in its possession on this topic. Instead, DHA can satisfy this request by providing any record or combination of records that provide the requested information. It is our hope that limiting the specification to included documents "sufficient to show" rather than "all documents," will help reduce the amount of work required to respond to the FOIA request and expedite the processing time for this request. I look forward to hearing from you within the 20-business-day deadline specified under the FOIA statute. Please send copies of the requested records to (b)(6). If you have questions about this FOIA request, you can also contact me via email or by phone.	03/10/2022
FOIA-22-00216	Brittin, Alexander	Brittin Law Group, PLLC	Pursuant to the Freedom of Information Act (5 U.S.C. §552), I hereby request a copy of the following information: 1. Contract No. HT9402-16-D-0002 (a/k/a TRICARE Quality Management Contract (TQMC)), awarded by the Defense Health Agency (DHA) on February 28, 2022 to Keystone Peer Review Organization, Inc. FOIA-22-00218	News, MuckRock	-	To Whom It May Concern: Pursuant to the Freedom of Information Act, I hereby request the following records: A copy of the purchase order or something showing the product name, identifier, quantity, price, and seller for: • soap for washing hand located in the room containing toilet and sink for patient use; • soap for washing body, face, and/or hair given to the patient using the shower, or to be located in the room containing shower; • soap for washing hand of worker exposed to patient and/or to infectious material which might be near the sink located in the corridor; • soap for washing hand of patient food handler. These soaps are intended to be used at Walter Reed National Military Medical Center. Some soaps may come with the admission kit and/or amenity kit. The date of sending the purchase order, purchasing soap, or the agreement happening is from January 1, 2018 to October 1, 2019. I am requesting only 1 soap buying record for each soap purchased during those times. For example, if 4 purchase order contains the same soap, I only need 1 purchase order. I am requesting records for soaps that are normally purchased for those uses instead of all soaps. Creating record that shows the information instead of searching for the existing record is fine. The requested documents will be made available to the general public, and this request is not being made for commercial purposes. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.	03/09/2022

FOIA-22-00244	(b)(6)	-	Thank you for reaching out to clarify. I was about to email you directly to do so. I'm requesting any source documents governing your interview process that are open source. I tried looking them up, but they are not yet on epublishing yes, such as AFI 71-101, etc. If you have any non-open source that need to be edited for skill craft/confidentiality/security reasons, I would take those as well after the editing, but working on a short time frame, I would like all I could get first and anything needing to be edited, I would take later. As far as the probable cause search warrant, I can't narrow it down to a specific date, but there was an investigation on me from 23 Nov, 2020 until April 2021. Around 14 Mar, I was ordered to give a DNA swab because Charleston County destroyed the evidence when the military took jurisdiction. If it makes it easier, since the case is now closed I would like to request the entire OSI investigation against me, and the info for the search warrant should be in there. My SSN is (b)(6) I'm not sure if you handle the info between FAP and DSS, but it is for JBCharleston. Furthermore, FAP's governing document DAF140-301 states in 6.2.2.2.1 that all adult males accused of DV will be offered the 26 week change step program unless the "alleged offender is not deemed appropriate for Change Step, justification will be well documented and a different treatment course will be included in the treatment plan." I'm looking for clarification on how it is determined if an alleged offender is deemed appropriate for change step or not, but if I knew the source document providing this, I wouldn't have to bother y'all. I appreciate all the help from you, (b)(6) and anyone else along the way. I apologize for my awkward requests and being ill informed on the process. Any assistance you can offer means a great deal. Thank you, ma'am. The perjury statement was sent in a separate email.	03/29/2022

FOIA-22-00249	Rudometkin, David	-	1. This is a FOIA request (5 U.S.C. § 552) for information pertaining to health safety reports, health assessments, or health evaluations performed by the DHA and its subordinate element, the U.S. Army Public Health Center (PHC), that supported the full release and administration of the influenza to the U.S. Army in Fiscal Year (FY) 2018 and FY 2019. 2. Request the manufacturers name and range of lot numbers for the influenza vaccine administered to U.S. Army Soldiers in FY18-19 3. Request any information whether the FY18-19 influenza vaccine was an investigational new drug. 4. Request any Food and Drug Administration (FDA) studies provided to the DHA indicating the FY18-19 influenza vaccine was fully licensed and approved for general use by the Department of Defense. 5. Request any data and/or reports produced by DHA personnel who participated in the National Influenza Vaccine Task Force during FY 18-19. 6. This request being made by the undersigned is for personal use, not commercial and all information will be used for legal purposes. 7. The undersigned is willing to pay fees associated with this request up to \$100. However, because this is a personal use request there should not be any fees associated with it. If you estimate there will be fees, the undersigned requests a waiver. 8. Disclosure of the requested information is in the best interest of the public and will contribute significantly to the transparency and public trust of the Defense Health System. In the event this request is denied in whole or in part, please provide a detailed justification for withholding the records and exemptions claimed.	03/30/2022

FOIA-22-00263	(b)(6)	-	Hi I am requesting all records relating to code name ANGEL and HALO as well as any information regarding the "cerebral cortex sensor". During my time in the military I had a cerebral cortex sensor installed on my brain intended to be used in special warfare environments. The equipment should show as being installed on the Kingsway GA Submarine Base. I was on the USS Maryland back in 2005. This may help you find relative records. To point you further in the right direction the cerebral cortex sensor is installed inside of my skull and it captures then transmits the brains electrical signals. Relevant records are likely located on the Naval Sub Base in Kingsbay GA, Naval air station Jacksonville FL. There may be records elsewhere and I would like to get as much information as possible. There is a computer at the whitehouse that controls the Angel/Halo unit as well. I am a veteran with this cerebral cortex sensor which was left inside my body at time of	04/08/2022

FOIA-22-00292	Molina, Daniela	Gray Television	To Whom It May Concern: Gray Television National Investigative Team: InvestigateTV respectfully requests records, as that term is described at 5 U.S.C. § 552(f)(2) of the Freedom of Information Act (FOIA), of the U.S. Defense Health Agency (DHA). InvestigateTV hereby requests the following: • All potentially compensable event (PCE) review reports from DHA from January 2018 to the present. Any additional documentation that accompanies these reports. • Any disciplinary actions taken against military doctors with the three branches of armed forces (Army, Navy, and Marine Corps) from January 2018 to the present. This is any action against them from the state medical board. If possible, please provide the documentation in electronic format. If any of the information sought in this request is deemed by DHA to be properly withheld or redacted under a FOIA exemption, 5 U.S.C. § 552(b), please provide the specific exemption(s) claimed in the statute. We are requesting a fee waiver as the disclosure of the documents is in the public interest. InvestigateTV is solely engaged in collecting and disseminating news stories both in broadcast and on digital to our millions of readers and viewers throughout the U.S. Our work can be found here: www.investigatetv.com. Gray Television does not have a commercial interest in the records, but our readers and viewers very much have a public interest in the requested records. For ease of administration and to conserve resources, we request documents be produced in a readily accessible electronic format. Please provide records on a rolling basis as needed. In the event Investigate TV's request for a fee waiver is denied or if you have any questions about this request, please contact me immediately by telephone at (h)(6) or by email at (b)(6) Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within 20 business days, as the statute requires. Respectfully submitted, Daniela S. FOIA-22-00293	(b)(6)	Defense Health Agency/NMHHM	I, (b)(6) am seeking records about myself under the Freedom of Information Act; and information from my Occupational Health records related to a workplace injury sustained on 2-28-14. Please supply all medical records demonstrating that (b)(6) factually performed a physical examination of the work injury sustained on 2-28-14. Supply verification that (b)(6) authored an Attending Physicians Report or a required Chronological Record of Medical Care related to OWCP DOL (h)(6). There are no records demonstrating that (b)(6) ever performed a physical examination of the workplace injury and there are no records found within the OWCP DOL case file demonstrating that he ever conducted a physical examination of the workplace injury sustained on 2-28-14. (b)(6) is not documented as the treating Occupational Health physician. (b)(6) MD is the documented treating physician on file and the only Agency physician identified in the OWCP DOL (b)(6) injury case file. The U.S. Army Ft. Detrick MRMCC Command utilized WRNMMC physician (b)(6) to claim/state that I was fit for duty and as a result I was ordered to immediately return to the workplace by the U.S. Department of the Army, but there are no records demonstrating that he ever conducted a physical examination of the 2-28-14 work injury and he never authored an Attending Physicians report or a Chronological Record of Medical Care as required by the OWCP DOL. This FOIA request is seeking all medical records demonstrating that (b)(6) factually performed a documented physical examination of the 2-28-14 workplace injury. The WRNMMC Occupational Health Department utilizes a standard routine patient intake process for all medical visits detailing the date, time, and vital checks, and all visits require a Chronological Record of Medical Care to be authored by the treating Occupational Health physician. The OWCP DOL requires that the treating physician involved in workplace injury determinations be a fully licensed M.D. Provide all records demonstrating that (b)(6) authored and submitted the required Chronological Record of Medical Care to the OWCP DOL regarding OWCP DOL file # (h)(6). Provide ALL correspondence involving and authored by the WRNMMC physician (b)(6) that is directly related to the OWCP DOL 2-28-14 workplace injury identified under # (b)(6) during the Agencies adjudication of the injury claim.	05/04/2022

FOIA-22-00303	Ruedisueli, Karen	Alexandria	The Military Officers Association of America is requesting data on InTransition program performance. We would like to understand how effective the program is in connecting military members to mental health care. We understand there is a national shortage of mental health providers and surging demand outstrips the available supply of care. We want to understand the effectiveness of direct appointing assistance in successfully connecting servicemembers to available mental health care. If we direct our members to this resource, what is the probability they will be successful in accessing care? This information will also help us understand if we should advocate to have direct appointing assistance expanded to certain military family members. Thank you. Time Frame: Annual data (calendar year or fiscal year) from program inception to present Measures: For each year: 1) total number of new InTransition enrollees; 2) total number of new InTransition enrollees who get an initial appointment with a mental health provider within TRICARE Prime Access standards (4 weeks); 3) total number of new InTransition enrollees who get an initial appointment with a mental health provider outside of TRICARE Prime access standards (more than 4 weeks); 4) Total number of new InTransition enrollees who attend their initial appointment; 5) Total number of new InTransition enrollees who attend a follow up appointment with the same provider; 6) Total number of unique mental health providers seeing InTransition enrollees; 7) Number of mental health providers seeing InTransition enrollees who are in network with TRICARE vs. out of network with TRICARE. 8) Number of new InTransition enrollees connected to local community resources or support groups	05/19/2022
FOIA-22-00304	Barrow, Tara	STAT News	The Department of Defense covers applied behavior analysis (ABA) services for TRICARE beneficiaries through its Autism Care Demonstration (ACD). Page 28 of the DoD's 2020 annual report (https://iac.hhs.gov/news/2020/annual_autism_care_report_2020.pdf) on the ACD details concerns about improper billing and payments. It says between 2012 and 2020, the total restitution based on ABA investigations was \$19,783,035, the civil settlement value was \$1,500,000, and the recoupment for improper billing was \$1,867,509. Pursuant to the Freedom of Information Act, I am requesting electronic copies of the findings that prompted the restitution, civil settlements, and recoupments contained in the figures above. These findings should include the names of the service providers in question and the years in which the services were provided. Please let me know if you need any clarification about this request.	05/19/2022

FOIA-22-00324	Coblentz, Seth	-	To Whom It May Concern: I am kindly requesting the following documents related to TRICARE (www.tricare.mil) and its existing contracts with The Meadows of Wickenburg, Inc. (or alternatively, The Meadows Behavioral Healthcare). Specifically, it is my understanding that TriWest Healthcare Alliance has contracted with the US Dept of Defense, to administer the TriCare West Region Program (a 21 state region). Succinctly, the TriCare insurance has chosen the Meadows of Wickenburg, Inc (based in Arizona), to provide in-patient mental health services for US Service Men and Woman and their families. The two following links may be helpful to review: 1. https://www.hmpggloballearningnetwork.com/site/addiction/news-item/meadowsselected-tricare-triwest-preferred-provider 2. https://www.themeadows.com/blog/serving-members-of-the-military-with-tricare/ I do hereby request the following documents by electronic submission to my email address at seth.coblentz@gmail.com 1. Any Master Service Agreement or other Contracts, including any amendments thereto, between The Meadows of Wickenburg, Inc., or a related entity, and either TRICARE insurance, the US DOD, or any related party. 2. Any and all documents submitted by the Meadows of Wickenburg, Inc. in connection with being approved as a preferred vendor of TRICARE or the US DOD. 3. Any and all documents submitted by the Meadows of Wickenburg, Inc. to TRICARE or the DOD, related to requests for extension of treatment for an insured service personnel beyond the contracted 30 day residency. 4. Either billing records or summary of amounts of money paid to the Meadows of Wickenburg, Inc. for the years 2012 until present. 5. Any amendment to contracts entered into between the US DOD, or TRICARE, and The Meadows of Wickenburg, Inc. 6. A summary of the total amount of money paid to the Meadows of Wickenburg, Inc., by the US DOD, or TRICARE, from 2012 until the present. 7. A copy of any document or contract that requires the Meadows of Wickenburg, Inc. to take on an obligation, or refrain from some action, as part of being compensated by the US DOD or TRICARE. Each and every request above expressly excludes the production of any information that would violate the privacy rights of any insured under the TRICARE program. Thank you kindly in advance for your assistance in this matter.	06/06/2022

FOIA-22-00343	Hoppe, Joshua	-	I have received word that there is a Comirnaty-labeled vaccine available at Camp Pendleton (pictures attached). I am requesting verification that this is the FDA-approved product in accordance with the BLA-license as described in the Comirnaty Approval Letter and Supplemental approval letter attached. Please send a copy of the following: -Notification of lot release from the Director, Center for Biologics Evaluation and Research (CBER) required by the Approval letter. -Proof of the location and date of manufacture of this Lot number and NDCs. -How many and which lots were released? -A copy of the list of differences from what is currently in large circulation (EUA Pfizer-BioNTech) and the Comirnaty. -If this the FDA-approved version, when will all the EUA in circulation be required to be pulled from the shelves? -The Vaccine Information Statement for this Comirnaty product that should replace the EUA FACT sheets once there is an FDA-approved product available. Please provide the information as soon as you can and no later than Tuesday, 21 June 2022. Please let me know if you have any questions. Thank you for your time and assistance with this matter. *The rest of the documentation will be sent via email as only one document could be uploaded to the site at a time. FOIA-22-00345	(b)(6)	-	I would like to have all doctors notes and analysis for myself be released to myself. I was medically retired in Aug 2020 with a referred condition of Major Depressive Disorder. On June 2022 DoD CAF revoked my clearance and access to sensitive information due to my medical PEB finding results. Although I still suffer from major depression, it has never clouded my judgement to properly safeguard information and carry out my standard of my job description. Since separation I have continued to seek care from the VA and am still on my road to full recovery. I have 59 days left to provide DoD CAF a rebuttal on their decision and to effectively write my defense I would like to see the information they were able to use to make their decision on revoking my access.	06/24/2022

FOIA-22-00355	Troxteel, Steven	-	Greetings The FOIA request is for the current financial estimates for the annual Department of Defense adjudication of US servicemembers and involuntary separation with the estimated number separated annually because of substance abuse and or mental health conditions. The goal is to include data in a dissertation with the North Central University Ph.D. Marriage and Family Therapy program to argue for a unified treatment model to reduce and or cut the reoccurring epidemic of involuntary separation. As a healthcare Navy Corpsman from 1989 to 2009 and while active duty in Great Lakes, Illinois, in the plans, operations, and medical intelligence community, the estimates in 2004 noted the financial losses could build an aircraft carrier every two years. Recent estimates note to be an average of \$75k to 175k case by case basis to adjudicate and involuntary separate service members or a projected \$20 billion annually. As a Counseling Psychologist (Substance Use Disorder Clinical Care (SUDCC) government civilian with the US Army in Vilseck Behavioral Health (Germany) I am consistently inundated with surges of DEERS eligible personnel seeking treatment for a wide range of maladaptive/addictive behaviors and other than substance use that at times has been traumatic for the patient for many years and multiple attempts at treatment to find a solution for a reoccurring problem. My goal is to find a unified solution by surveying and interviewing behavioral health providers to gain their experiences, assumptions, and interpretation of their treatment approach to also include the data in my dissertation to fully develop a proposed unified treatment model to cut down and or eliminate transgenerational maladaptive/addictive behaviors that in many cases goes back multiple family generations with no real means to break the reoccurring cycle of presentation to treatment. A chapter one rough draft can be submitted as necessary to further justify the need for a unified treatment model	06/27/2022

The number of TDRL cases where the service branch conducted final TDRL examination within: i. 0-6 months; ii. 6-12 months; iii. 12-18 months; iv. 18-24 months; v. 24-36 months; vi. 36-48 months; vii. 48-60 months; viii. 60+ months h. The number of TDRL cases where the service branch decided to utilize the VA examination in lieu of its own TDRL examination i. The number of TDRL cases where the service member's tenure on TDRL was: i. 0-6 months; ii. 6-12 months; iii. 12-18 months; iv. 18-24 months; v. 24-36 months; vi. 36-48 months; vii. 48-60 months; viii. 60+ months j. The number of TDRL cases where the veteran was removed from the TDRL at the statutory maximum period due to: i. The service member failing to show up for the requisite TDRL exam. ii. The service branch failing to schedule a TDRL exam within the statutory period. iii. The service branch failing to issue new IPEB findings within the statutory period. iv. The service branch failing to schedule a formal PEB hearing within the statutory period. k. The number of TDRL cases where the veteran removed from the TDRL as described in i.-i.iv above was later: i. Permanently retired. ii. Separated iii. Returned to duty l. The number of TDRL cases where the service member was removed from the TDRL at the statutory maximum period due to not having had the requisite TDRL exam. m. The number of TDRL cases where the rating for a condition found stable and permanent by the original PEB was increased or decreased; n. The number of TDRL cases where a new condition, caused or related to the originally unfitting condition, was found unfitting and rated by a PEB. These records pertain to investigations NVLSP is conducting to determine whether the military branches have been appropriately managing TDRL cases. NVLSP requests a fee waiver pursuant to 5 U.S.C. § 552(a)(4)(A)(iii) and 32 C.F.R. § 286.12(f). FOIA-22-00381	Troxtehl, Steven	-	I continue to develop my dissertation on a proposed unified treatment model for all service branches affiliated with DHA. My 20 years of research and development have faced multiple challenges over the years. I am firmly aware of the social-economical changes we face in today's society. Like an interview question, if you had a magic wand to align all the service branches under one unified treatment model with the ability to reduce reoccurring surges in mental health separations due to suicidal ideations, obesity, alcohol-related incidents, illicit substance use, post-traumatic stress disorder, and many more preventable illnesses that according to the Center for Disease Control in FY 2023 over \$4 trillion will be spent assess, stabilize and treat over the next 15 months. What are some of the pillars that must be implemented to be successful? What ideas would you like to see if a foundational model is already in development? The plan is to submit my proposal no later than September 2022 and my official dissertation to Northcentral University in January 2023. Any feedback would be greatly appreciated, and you should be seeing my proposal at the DHA IRB by Spring 2023. If you have any questions or concerns, please advise.	08/02/2022

Request ID	Requester Name	Organization	Request Description	Received Date
FOIA-22-00477	McCarty, Michael	American Medical Technologists	This FOIA request pertains to certain contracts, purchase orders, or other transactions entered into by the Defense Health Agency (DHA), or components thereof, for the acquisition of professional certification examinations that are administered to individuals completing the clinical phase (Phase 2) of the Medical Laboratory Technician (MLT) training program at DHA's Medical Education and Training Campus (METC) at Fort Sam Houston, Texas. It is the Requestor's understanding and belief that DHA (or components thereof) purchases certification examinations and related services from the Board of Certification of the American Society for Clinical Pathology (ASCP) for administration to each graduate of METC's MLT training program. The following information and document requests pertain to those purchases. For purposes of these FOIA requests, "DHA" refers to the Defense Health Agency of the Department of Defense and any divisions, branches, services, agencies, or other components within DHA: 1. Please describe the nature of the transactions by which DHA purchases or acquires professional certification examinations from the ASCP Board of Certification for administration to individuals who are completing the clinical phase (Phase 2) of METC's Medical Laboratory Technician training program (e.g., competitive contract; purchase order; credit card purchase below the Federal Acquisition Regulations' (FAR) micro-purchase threshold; simplified acquisition procedures; etc.). 2. Identify the contracting officer(s) or other DHA personnel who have been responsible for purchasing certification examinations for administration to METC MLT graduates since January 1, 2015. Please include their position titles, whether they are military or civilian, and their contact information. 3. Provide copies of any contracts, purchase orders, documentation of credit card transactions, and/or other documents relating to DHA's acquisition of certification examinations for administration to individuals graduating from METC's MLT training program since January 1, 2015. 4. Provide the justification why purchases of certification examinations for administration to METC MLT program graduates have been awarded exclusively to the ASCP Board of Certification on a non-competitive basis without entertaining offers from other nationally recognized and independently accredited certifying organizations. If the purchases have been executed as micro-purchases under FAR Part 13, Subpart 13.2, please explain how DHA has complied with the Purchase Guidelines set forth in FAR § 13.203.	09/21/2022

FOIA-23-00046	(b)(6)	-	I recently submitted a Court Order for DNA to (b)(6) at the Armed Forces Medical Examiner System. I was informed that the legal team was looking into the request. When I asked for the contact information of the legal team, none was provided stating that, "we are unable to provide our legal teams information". I am trying to get the contact information for the legal team that is currently working on my court ordered documents. I am also requesting that the DNA information that was Court Ordered be released. That I be informed of all personnel that has handled my request within AFMES. Any internal guidelines or memorandums that pertain to the handling and timeline of Court Ordered requests. Also, I would like to know if the legal team releases their information to other attorney's and those individuals who are in representation of themselves or if the legal team has specifically elected not to release this information to me.
