2025-00045-F	Lewis, Nicholas	-	I am requesting the data files for each service that Disability Evaluation System Analytics and Research (DESAR) used to process their 2023 annual report. In particular, I am requesting that the disposition of the IDES process be noted by phase, indicating which service members were, for example, returned to duty following the MEB versus the IPEB. The number of service members who entered the Disability Evaluation System for each year from 2001 to 2023 or for any years available within that timeframe, along with the disposition of cases at each milestone (Medical Examination Board, Physical Examination Board, etc.). I would also like to know the outcomes for service members at each step of the Disability Evaluation System. Specifically, the number of personnel returned to duty following a Medical Examination Board and the number of personnel referred to the Physical Examination Board. The disposition of the Physical Evaluation Board findings (return to duty, Permanent Disabled Retired List, Temporary Disabled Retired List, separation with severance pay, separation without severance pay), appeals to the Formal Physical Evaluation Board and respective Service Secretary with disposition results. I am additionally requesting a breakdown by service (Army, Air Force, etc.), by disability type category according to 38 CFR part 4 (musculoskeletal, mental health, etc.), rank (enlisted, officer, junior enlisted, NCO, SNCO, CGO, FGO, GO), sex (male or female), job type (Military Occupational Specialty, Air Force Specialty Code, etc.), race, age, time in service, and education level if available. If placed on the Temporary Disabled Retired List, what was the final determination (Permanent Disabled Retired List, separation, return to duty, etc.)? 2025-00077-F	Chennamaneni, Akhila	University of Connecticut	To the FOIA Officer, DEPT OF DEFENSE Dear FOIA Officer, I am submitting a request under the Freedom of Information Act (5 U.S.C. § 552) for documents related to the award of TRICARE Dental Program 6 (TDP6) Request for Proposal (RFP) . The contract was awarded under Notice ID:HT9402-22-R-0001 on Oct 20, 2023 by DEPT OF DEFENSE, and the contract number is HT940224D0001.	10/18/2024

			Specifically, I request access to the following documents: 1. The full text of the winning proposal submitted for this contract, with minimal redactions to ensure the substance of the proposal is understandable and usable. 2. Copies of other shortlisted proposals (if applicable) that were evaluated during the selection process. My request is made in the context of academic research, conducted in collaboration with universities, aimed at examining procurement processes and decision-making criteria in government contracts, particularly in the area of public infrastructure and operational services. The requested documents are essential for our research and will contribute to a better understanding of these processes. I understand that the FOIA permits withholding certain proprietary information (Exemption 4), and I am open to receiving redacted versions where necessary. However, I respectfully request that redactions be kept to a minimum, in line with 5 U.S.C. § 552(a)(8), which mandates that agencies release any reasonably segregable portion of a record after redacting the exempt portions. Excessive redactions that render documents unusable undermine the intent of the FOIA to promote transparency. If there are ways to narrow the scope of my request to facilitate processing while still providing meaningful insight into the proposals, please let me know. I am willing to work with the agency to refine the request. Thank you for considering this request. I look forward to your prompt response. Sincerely, Akhila Chennamaneni.
